Veeva Connect access	3

Updates in this release

The following enhancement is included in this patch.

Veeva Connect access

A **Network Community** button has been added to the menu bar so you can easily access Veeva Connect from the Network UI.

Veeva Connect is a customer community that you can join to collaborate with Veeva professionals and other customers. Use the platform to discuss industry trends, learn about best practices, and to ask questions.

Click the button to open the Network Community in Veeva Connect in a new browser tab.

If you have a Veeva Connect account and are already logged in, the Network Community displays.

Create a Veeva Connect account

If you do not yet have a Veeva Connect account, the sign-in page displays so you can create one.

After you create an account, join the **Network Community** so you can be notified about new posts and events.

- 1. On the Welcome to Veeva Connect page, click **Discover Communities**.
- 2. In the Search Communities search bar, type Network.

3. In the Network row in the search results, click Join.

Manage notifications

When posts are added to the Network Community, you are notified by email.

To customize the frequency of your notifications:

- 1. Click your user profile in the top-right corner.
- 2. Select Settings.
- 3. On the Email Frequency page, expand the list and select one of the options:
 - Immediate
 - Daily
 - Weekly
- 4. Click Save Preferences.
