Urgent SSL certificate update

All Veeva certificates have been re-issued by the certificate authority. The SSL certificate for veevanetwork.com will be updated on Tuesday, July 30 at 9:45am ET.

Impacted customers

Only customers who explicitly download and install certificates on any site caches or proxy servers must update their certificates. This new certificate expires on January 1, 2025.

If you are impacted, you must update your certificates on Tuesday, July 30.

veevanetwork.com certificate

Installing this certificate covers all sandbox and production Network instances and login.veevanetwork.com.
